Attorney Docket No.: 22868.66 :  
For: APPARATUS AND METHOD FOR :  
NON-INVASIVE MONITORING OF :  
HEART PERFORMANCE :

NOTIFICATION

Applicants filed "Petition to Revive Unintentionally Abandoned Application Under 37 CFR 1.137(b)" on 07 March 2002.

On 07 March 2002, applicants filed national stage papers in the United States Designated/Elected Office (DO/EO/US). The submission included, *inter alia*, a Transmittal Letter, a petition to revive and the basic national fee. The Transmittal Letter indicates the international application number as PCT/IL01/01583. However, a search of publications does not reveal an international application with that number. The petition to revive indicates it is directed to international application number PCT/IL01/00582, but the title, inventors, and international filing date listed on the petition do not correspond to that international application number. Finally, applicants submitted a copy of international application number PCT/IL01/00583.

Applicants are required to clarify which international application they are attempting to revive and with which application they are attempting to enter the national stage in the United States.

The application remains **ABANDONED**.

A proper response must be filed within **TWO (2) MONTHS** from the mail date of this decision. Extensions of time under 37 CFR 1.136(a) are available. Failure to timely file a proper response may be construed as intentional delay.

Please direct any further correspondence with respect to this matter to the Commissioner of Patents and Trademarks, Box PCT, Washington, D.C. 20231, and address the contents of the letter to the attention of the Office of PCT Legal Administration.
